## PITCH:

Baseret på rapgenren og nogen ikoniske 90er web spil, vil spillet tage udgangspunkt i at indsamle pointgivende genstande. Genstandene, figurerne og baggrundene vil ligeledes bære præg af denne genre. Figurerne vil være rapudgaver af pingviner og genstandene vil være ting der passer inde for genren.

## ФОРМ:

Disse vil falde ned fra oven, a la fruit ninja.

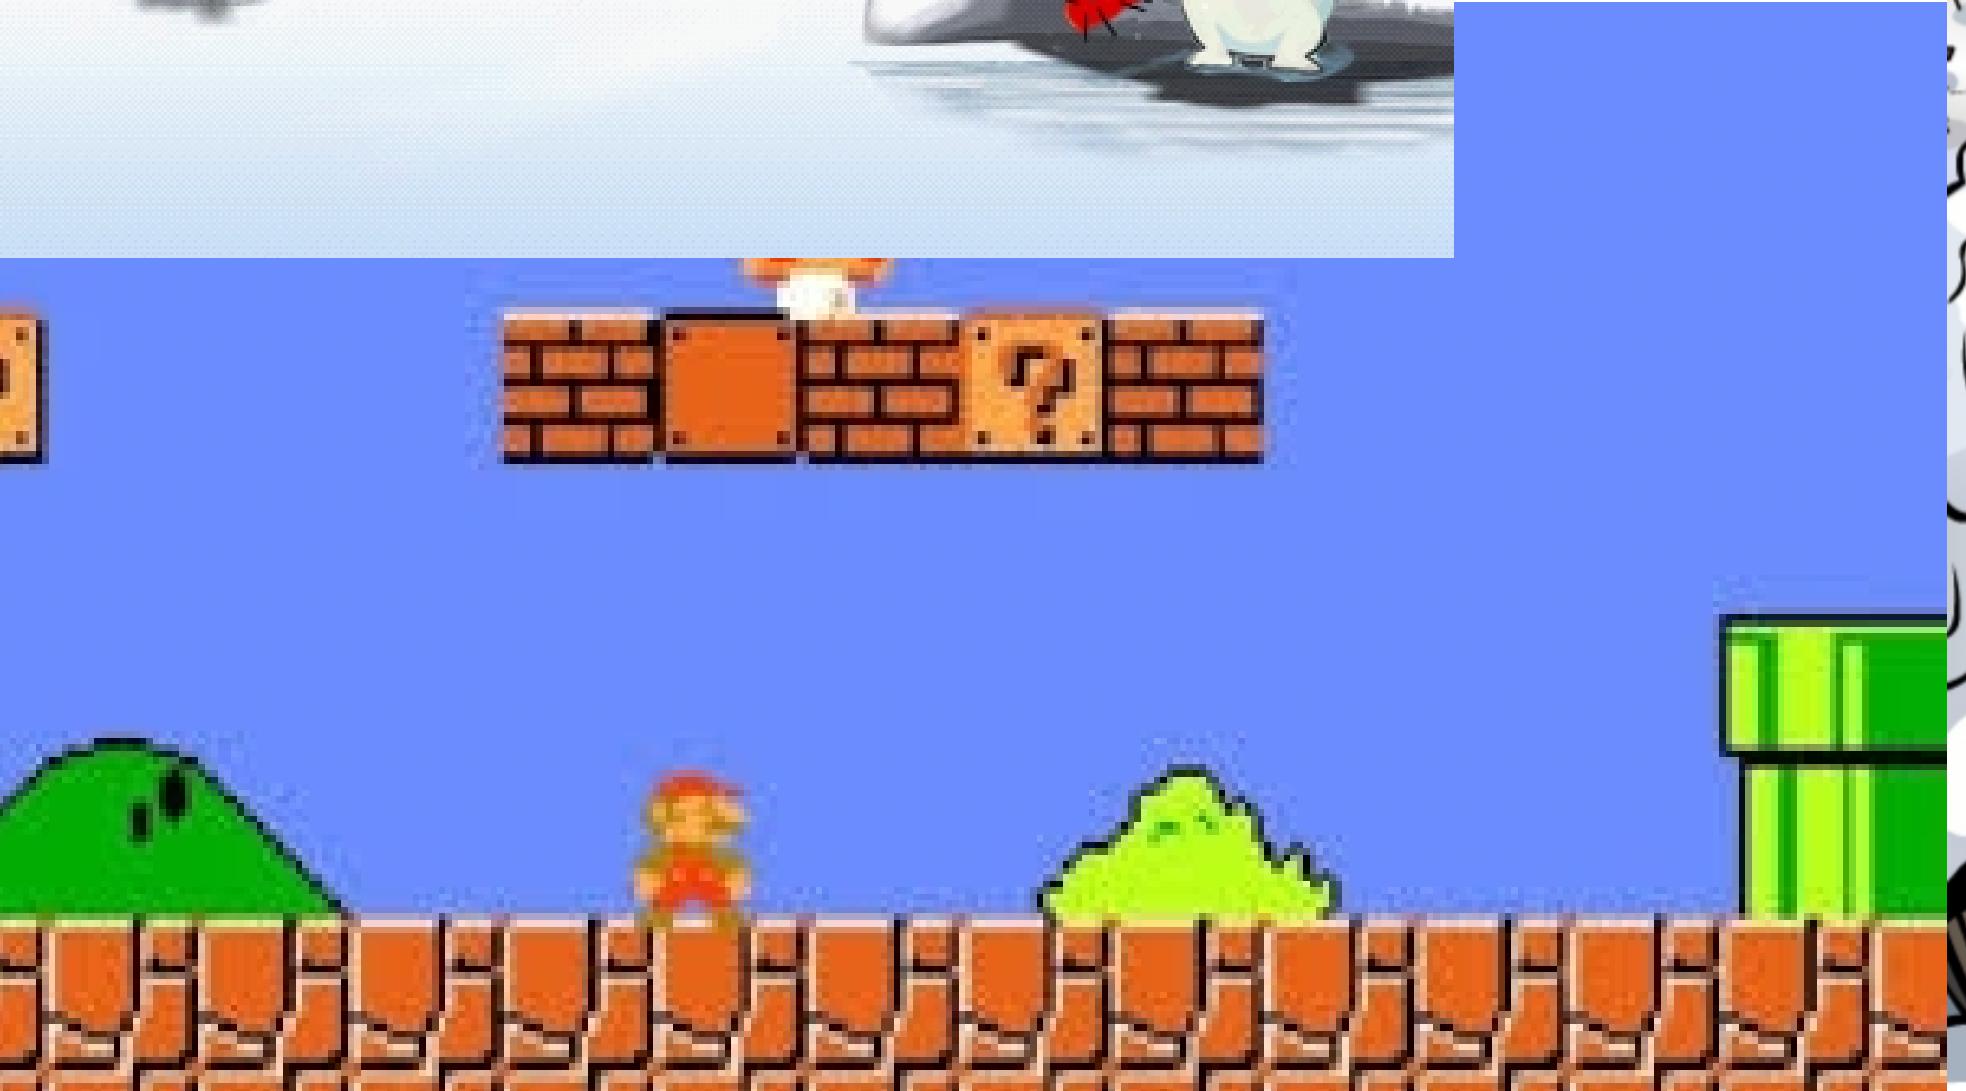

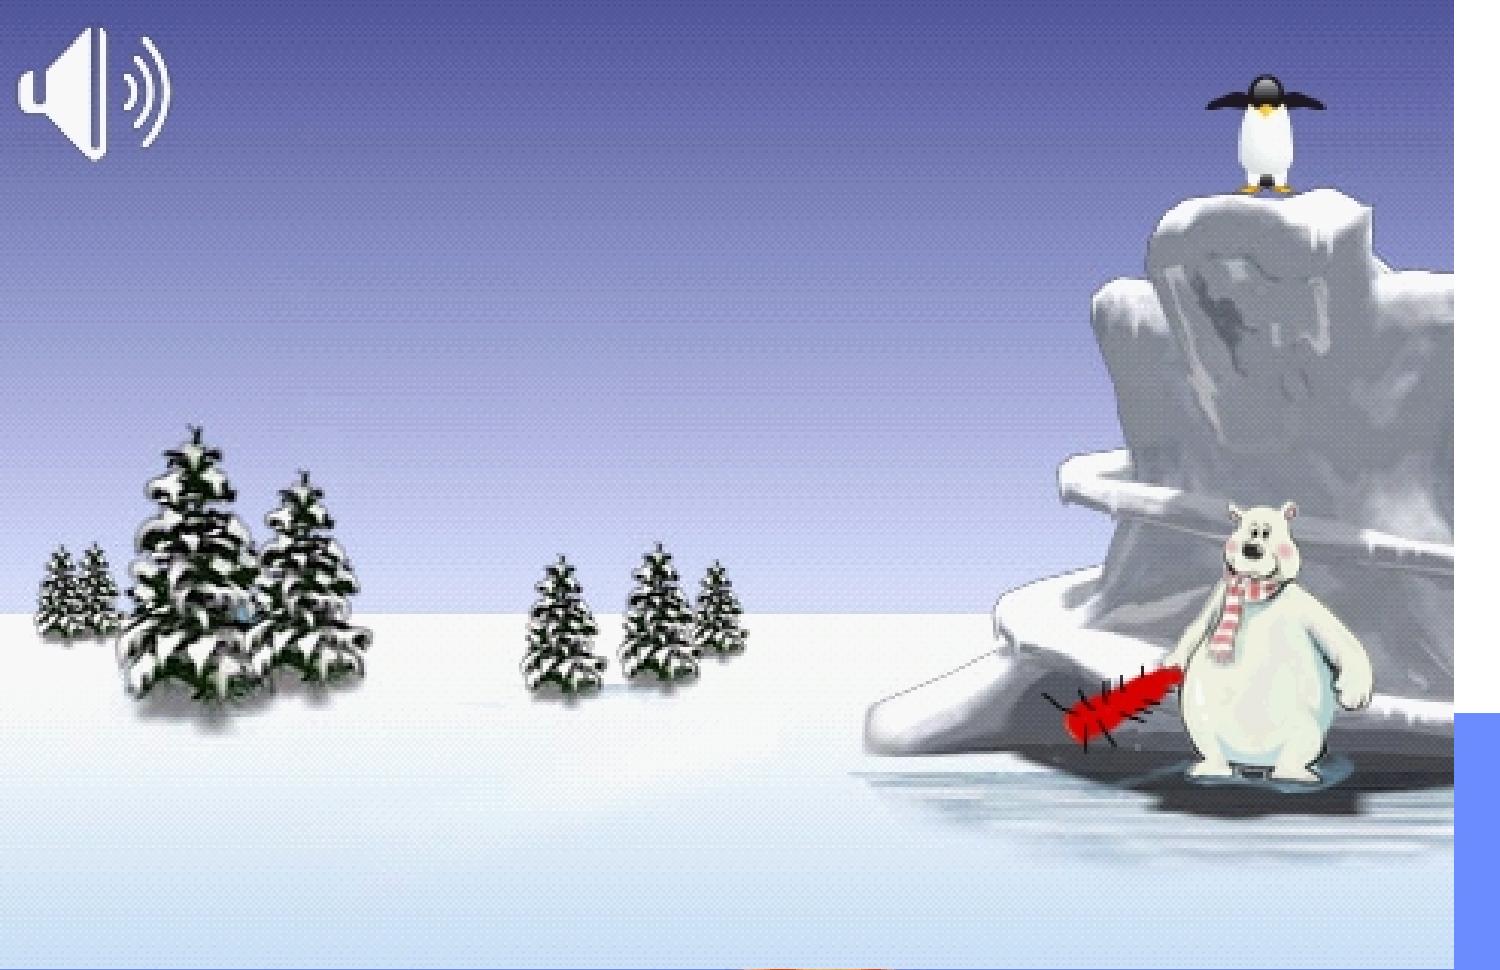

Figurerne vil være rapudgaver af pingviner, og genstandene vil være ting der passer inde for genren.  
Spilleren har 3 liv, og formatet er et "high score" format hvor man hver gang man spiller skal forsøge at slå sin forrige score.

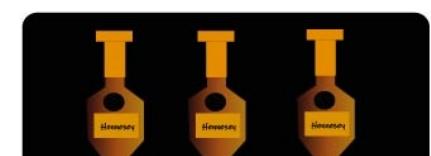

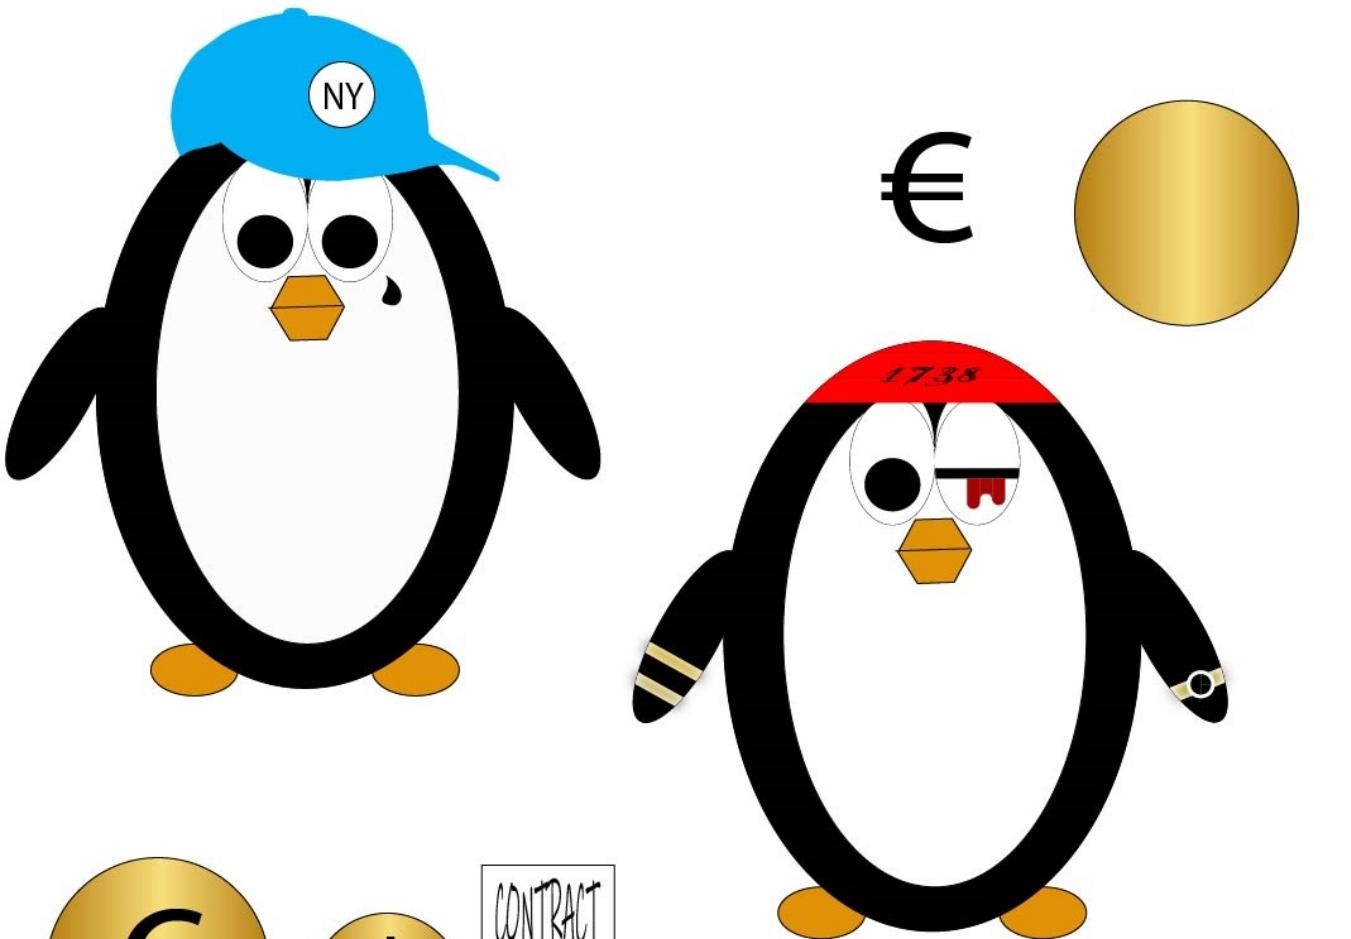

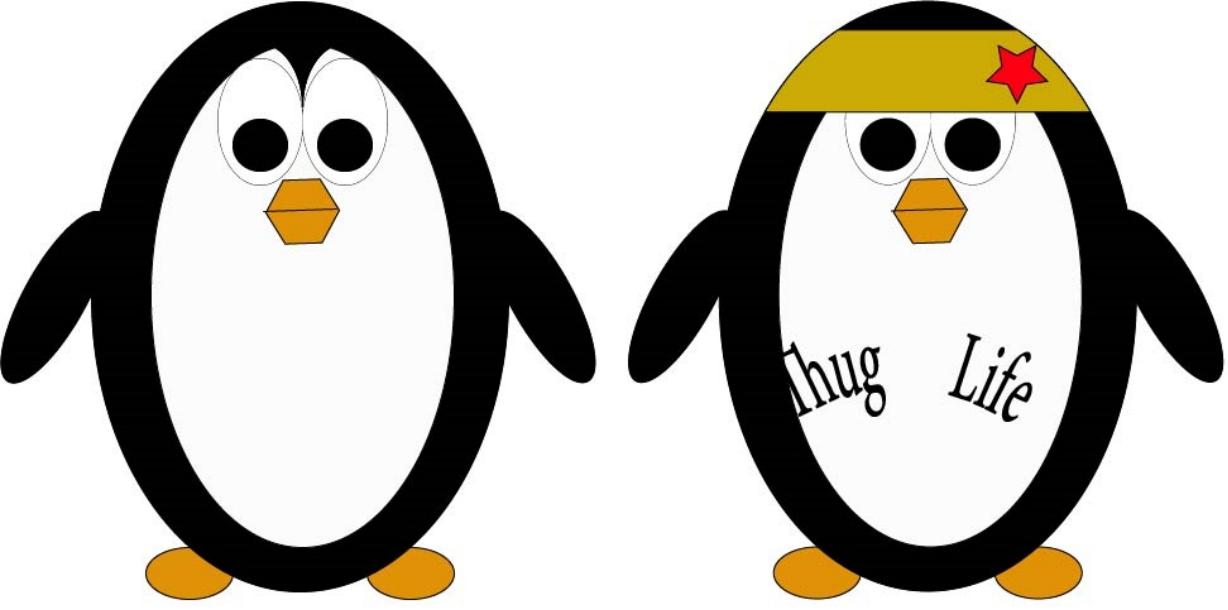

## ТУРОБЯАГІ:

Det meste af teksten vil være kremlin da jeg mener den passer godt til genren. De overordnede skrifttyper vil bære mere præg af 90erne.
